

Publications by Lucio Muñoz in 2020

Muñoz, Lucio, 2020. **Sustainability thoughts 116: How the economic science based liberal democracy model should be expected to react when facing external shocks under inequality?**, In: *CEBEM-REDESMA Boletín*, Año 14 N° 8, December, La Paz, Bolivia.

Sustainability thoughts 116: How the economic science based liberal democracy model should be expected to react when facing external shocks under inequality?

Muñoz, Lucio, 2020. **Sustainability thoughts 108: Can we approach socially friendly capitalism through social externality management? If yes, how can this be done?**, In: *CEBEM-REDESMA Boletín*, Año 14 N° 8, December, La Paz, Bolivia.

Sustainability thoughts 108: Can we approach socially friendly capitalism through social externality management? If yes, how can this be done?

Muñoz, Lucio, 2020. **Sustainability thoughts 109: Linking perfect green market theory to the circular green economy**, In: *CEBEM-REDESMA Boletín*, Año 14 N° 7, La Paz, Bolivia.

Sustainability thoughts 109: Linking perfect green market theory to the circular green economy

Muñoz, Lucio, 2020. **Sustainability thoughts 125: Why is pareto efficient in traditional markets outside green pareto efficiency in green markets? What is the structure of green pareto optimality? What are the implications of this?**, In: *International Journal of Management studies and Social Science Research(IJMSSSR)*, Vol. 2, Issue 6, November-December, Pp 108-117, ISSN: 2582-0265, India.

Sustainability thoughts 125: Why is pareto efficient in traditional markets outside green pareto efficiency in green markets? What is the structure of green pareto optimality? What are the implications of this?

Muñoz, Lucio, 2020. **Sustainability thoughts 105: An overview of the externality structure of all possible markets and of the specific market illusion under which each of them operates**, *Boletín CEBEM-REDESMA*, Año 14, No.6, November, La Paz, Bolivia.

Sustainability thoughts 105: An overview of the externality structure of all possible markets and of the specific market illusion under which each of them operates

Muñoz, Lucio, 2020. **Sustainability thoughts 107: Comparing the structure of the circular green economy with that of the circular environmental externality management based economy to identify differences as well as to point out the market implications of these differences**, *Boletín CEBEM-REDESMA*, Año 14, No.6, November, La Paz, Bolivia.

Sustainability thoughts 107: Comparing the structure of the circular green economy with that of the circular environmental externality management based economy to identify differences as well as to point out the market implications of these differences

Muñoz, Lucio, 2020. **Sustainability thoughts 118: How can the green cold war, the 2012 Rio +20 conference actions, and the fall of perfect environmentalism be linked? What are the implications of this in terms of winners and losers and of environmental sustainability?**, In: *International Journal of Business Management and Economic Review(IJBMER)*, Nov-Dec 2020, Volume 3, Issue 6, Pp. 63-75, SSN 2581-4664, India.

Sustainability thoughts 118: How can the green cold war, the 2012 Rio +20 conference actions, and the fall of perfect environmentalism be linked? What are the implications of this in terms of winners and losers and of environmental sustainability?

Muñoz, Lucio, 2020. **Sustainability thoughts 114: How can the hidden unequal nature of the science based liberal democracy model and the hidden unequal nature of the liberal market model be linked? What are the implications of this?**, In: *International Journal of Business Management and Economic Review(IJBMER)*, Nov-Dec 2020, Volume 3, Issue 6, Pp. 54-62, ISSN 2581-4664, India.

Sustainability thoughts 114: How can the hidden unequal nature of the science based liberal democracy model and the hidden unequal nature of the liberal market model be linked? What are the implications of this?

Muñoz, Lucio, 2020. **Sustainability thoughts 119: How can the 2012 green cold war be stated graphically in terms of sustainability gaps? What are the implications of this in terms of the only possible science based resolution to the green cold war?**, In: *International Journal of Management studies and Social Science Research(IJMSSSR)*, Vol. 2, Issue 5, September-October, Pp 128-137, ISSN: 2582-0265, India.

Sustainability thoughts 119: How can the 2012 green cold war be stated graphically in terms of sustainability gaps? What are the implications of this in terms of the only possible science based resolution to the green cold war?

Muñoz, Lucio, 2020. **Sustainability thoughts 120: How are paradigm shift knowledge gaps created? In which ways can they lead to the mishandling of expected paradigm shifts?. In: *International Journal of Management studies and Social Science Research(IJMSSSR)*, Vol. 2, Issue 4, July-August, Pp 267-275, ISSN: 2582-0265, India.**

[Sustainability thoughts 120: How are paradigm shift knowledge gaps created? In which ways can they lead to the mishandling of expected paradigm shifts?](#)

Muñoz, Lucio, 2020. **Sustainability thoughts 113: How can the hidden unequal nature of the liberal democracy model be detailed step by step?, *Boletín CEBEM-REDESMA*, Año 14, No.5, May, La Paz, Bolivia.**

[Sustainability thoughts 113: How can the hidden unequal nature of the liberal democracy model be detailed step by step](#)

Muñoz, Lucio, 2020. **Sustainability thoughts 106: Can we solve an environmental sustainability problem by managing the consequences of that problem? If not, why not?, *Boletín CEBEM-REDESMA*, Año 14, No.5, May, La Paz, Bolivia.**

[Sustainability thoughts 106: Can we solve an environmental sustainability problem by managing the consequences of that problem? If not, why not?](#)

Muñoz, Lucio, 2020. **Pensamientos de sostenibilidad 112: ¿Cómo se puede detallar paso a paso la naturaleza desigual y oculta del modelo de mercado liberal?, *Boletín CEBEM-REDESMA*, Año 14, No.4, Abril, La Paz, Bolivia.**

[Pensamientos de sostenibilidad 112: ¿Cómo se puede detallar paso a paso la naturaleza desigual y oculta del modelo de mercado liberal?](#)

Muñoz, Lucio, 2020. **Sustainability thoughts 112: How can the hidden unequal nature of the liberal market model be detailed step by step? ,*Boletín CEBEM-REDESMA*, Año 14, No.4, April, La Paz, Bolivia.**

[Sustainability thoughts 112: How can the hidden unequal nature of the liberal market model be detailed step by step?](#)

Muñoz, Lucio, 2020. **Sustainability thoughts 104: How the shift from traditional markets to red markets would have looked like had the 1987 Brundtland Commission recommended then a social sustainability fix?, In: *International Journal of Management studies and Social Science Research(IJMSSSR)*, Vol. 2, Issue 2, March-April, Pp 127-137, ISSN: 2582-0265, India.**

Sustainability thoughts 104: How the shift from traditional markets to red markets would have looked like had the 1987 Brundtland Commission recommended then a social sustainability fix?

Muñoz, Lucio, 2020. **Sustainability thoughts 103: How the shift from traditional markets to green markets would have looked like had the 1987 Brundtland Commission recommended then an environmental sustainability fix?.** *Boletín CEBEM-REDESMA*, Año 14, No.3, March, La Paz, Bolivia.

Sustainability thoughts 103: How the shift from traditional markets to green markets would have looked like had the 1987 Brundtland Commission recommended then an environmental sustainability fix?

Muñoz, Lucio, 2020. **Sustainability thoughts 102: How the shift from traditional markets to sustainability markets would have looked like had the 1987 Brundtland Commission recommended then a sustainability fix?.** In: *International Journal of Business Management and Economic Review*, Pp. 110-120, Vol. 3, No. 02, ISSN: 2581-4664.

Sustainability thoughts 102: How the shift from traditional markets to sustainability markets would have looked like had the 1987 Brundtland Commission recommended then a sustainability fix?

Muñoz, Lucio, 2020. **Sustainability thoughts 101: What was wrong with the structure of Adam Smith's traditional market model? What are the main implications of this?.** *Boletín CEBEM-REDESMA*, Año 14, No.2, February, La Paz, Bolivia.

Sustainability thoughts 101: What was wrong with the structure of Adam Smith's traditional market model? What are the main implications of this?

Muñoz, Lucio, 2020. **The road towards sustainability markets: Linking cost externalization to market structure and price structure using qualitative comparative means,** In: *International Journal of Latest Research in Humanities and Social Science (IJLRHSS)*, Volume 03 - Issue 01, January 20, PP 20-32.

The road towards sustainability markets: Linking cost externalization to market structure and price structure using qualitative comparative means
